In partnership with:

WHY SPONSOR THE G-LINK SUMMIT?

Partnering with G-LINK aligns your brand with a growing international trend and interests on enabling employees and organizations to Lead Digital and Cultural transformations.

We limit the number of sponsors so you and your team can enjoy great visibility and access. In addition to onsite opportunities to engage with attendees, sponsors receive exposure to a greater network of professionals through the web, social media and email marketing. We offer many levels of sponsorship, giving you the flexibility to showcase your brand in a unique way that achieves your goals within your budget.

Don't miss the opportunity to be among the first ones to support a new generation of interactive and immersive conference...

After its success in Singapore in 2016 (Global Learning Week), the G-LINK Summit is a three-day immersive event that will help you reinvent the way you do business. For the first time in Thailand the G-LINK summit brings together 30 Global Visionary thinkers from 12 countries to collaboratively rethink, co-create and explore with participants how to lead the Digital and Cultural transformation and to shape the future of business.

The G-LINK Sponsorship offers you the chance to:

- Be seen as a company that strongly supports and encourages innovation, digital and cultural transformation and which is ready to thrive in these disruptive times
- Showcase your brand and ideas to a local and international audience
- Share the stage with our world class visionary thinkers
- Take advantage of first-class branding opportunities
- Get up close and personal with the visionary thinkers and their respective companies
- Gain first-hand insight into the latest approaches and techniques to lead digital and cultural transformation.
